

## A Veteran Speaks:

HENRY GREEN  
FRANKLINTON, LA

SOBER: 158 DAYS

This was not my first rodeo.

**But it was the first one that worked.**

I gained more in my first week at Avenues Recovery than I did in the entire 30 day stay at my previous rehab.

What made Avenues different?

First and foremost, the staff CARED. They were not there for a paycheck; they were on a mission. My counselor was a veteran himself, 18 years sober! He understood exactly what I was going through. He was professional, knowledgeable, and held me accountable. I also learned so much from the other patients in my group. I was inspired by veterans and civilians alike and I maintain the relationships I created until today.

But do you know what was most valuable? For the first time in my life, I felt I had been given the tools to STAY SOBER. I am fully confident that this was my last stint at rehab.

**I owe Avenues my life.**

FOUGHT  
ENOUGH**

IT'S TIME YOU FIGHT  
FOR YOU.

Avenues offers intensive  
addiction rehabilitation services  
that will end your battle for good.

**AVENUES**  
A RECOVERY COMMUNITY

## We salute your fight for our country.

You gave selflessly of your time, energy, and wellbeing. It's time you give back to yourself. You need help with substance abuse, and that's why we're here.

Avenues Recovery is not a rehab. It's a community.

More than a treatment facility, it's a family.

We are not here to get you sober; we are here to heal you deeply, so you stay sober.

We know you have the fight in you.

## How the Healing Happens

### No Hassle Admission

With same-day admission and direct transportation provided, treatment at Avenues is more accessible than ever. Upon arrival, we immediately begin creating an individualized, actionable recovery plan.

### Comprehensive Care

Upon admittance, each client receives a thorough assessment, and a resulting physical and biopsychosocial diagnosis which guides their treatment throughout their stay. Each facility is handicapped-accessible and offers assisted daily living services, making superior care available to all.

### Holistic Approach

We heal the source, not symptoms. Our holistic approach addresses every aspect of your mental and emotional health, enabling us to reach the root of your addiction. Our program addresses topics including PTSD, TBI, MST and Survivor's Guilt.

### Diverse Support

You are a veteran and wish to connect with like-minded individuals - and you will. But there's still so much to be learned from civilians going through recovery. We pride ourselves on our diversity and believe that veterans and non-veterans alike can heal together for a multi-faceted and rewarding experience.

### Star Staff

Our stellar team includes doctors, nurses, nurse practitioners, therapists, trauma specialists, and behavioral health technicians. Many of our staff are veterans and in recovery themselves - and their life experience trumps all their years of training. They are the success story that you yearn to be, and they will help you get there.

### Alumni Accountability

Getting clean is a big deal. Staying clean is a bigger one. We believe consistent follow-up and accountability post-discharge is key to sustained recovery. Once you enter our doors, we embrace you as part of our Avenues family- for life. Alumni events include support groups, follow-up calls, meetings and events.
